## ABOUT US

Aries Drugs Private Limited started its journey in 2005 in Lucknow, Uttar Pradesh. By 2009, the advanced manufacturing unit was up & running in Uttarakhand with the aim of elevating the standard of Indian pharmaceutical manufacturing. Since its inception, Aries has emerged as one of the fastest-growing contract manufacturing pharmaceutical companies in the country. The company is currently engaged in developing and marketing of accessible medications catering across a wide spectrum of medical needs throughout the sub-continent.

Within a few years, Aries stands as a pioneer in the field of pharmaceuticals, nutraceuticals, and ayurvedic products. The organisation is consistently expanding and attaining national accreditations while building trust with its customers on Efficacy, Quality & Safety.

By establishing their manufacturing facility in 2009, they are staying abreast of the modern technology, automated processes, state-of-the-art equipment while periodically upgrading their facilities to ensure national and international standards are upheld. Aries diligently follows the CGMP, DCGI (Drugs Controller General of India), and WHO norms to constantly deliver superior quality products to their trusted customers.

## VISION

To be recognized as one of the top Indian Healthcare organizations with a global footprint that is dedicated to cater the everyday healthcare needs and create a healthier world.

## MISSION

To be a dedicated organization that ensures the highest quality of products to our customers with the use of cutting edge technology, research and development, state of the art manufacturing facility and maintaining integrity across all business levels.
